I didn't know that they had Sparkler Text as a Perk in MW2 :-)

Shouldn't you have a Snowy Ghile suit on instead to be more MW2 like ???

Suppose I should go pre-order my game now from Game, d 'oh not again - Play I meant :-)

:army:

I couldnt find a picture bad ass enough with a snow suit actually you would be hard pressed to find a decent picture of any sort of pose like the one I've used.
