---

Article Here

Give us your thoughts if you were there on the night, do you want to see our server just as Death Match, maybe with Team Deathmatch maybe a bit of Hardcore... you tell us.

Firstly i thought last night was a triumph for our Newly formed Clan :woohoo: ,very enjoyable all though at times a little hectic,Game modes will have to be tried and tested.maybe we should keep it as Free for All for now and include Map Rotation. Each night we should experiment with different mixes of Modes and Maps.
