Posted by ORCA - 2008/06/27 12:43

After enjoying throwing radiators at people last night and hearing Nino get really really excited about the Rocket Launcher (i think its Luuuuvvvv) I decided to go look for some map packs, and here they are:

Volume 1

Volume 2

Volume 3

Volume 4

Volume 5

Volume 6

Just realised each of the map packs holds... wait for it... 50 maps each ! :ohmy:
